SITE PLAN PROCEDURE MANUAL SITE PLAN

A site plan, as required by Ordinance, shall be submitted to the clerk for review and approval by the Planning Commission for all developments.

No site plan shall be approved by the Planning Commission until:

1. All review agency concerns have been satisfactorily resolved, or;
2. Relief from the strict application of the standards or the Zoning Ordinance is granted by the Zoning Board of Appeals, thereby resolving a particular site plan problem or problems.

When an applicant wishes to seek relief before the Zoning Board of Appeals, access to the board may be gained by denial of site plan approval by the Planning Commission. The Planning Commission, at its discretion, may grant conditional site plan approval subject to granting of needed variance(s). The commission shall grant conditional approvals only when it is satisfied that the variance(s) sought by the applicant are so minor that they will have little impact on the physical layout of the site plan. If the variance(s) sought by the applicant are significant or numerous, the Planning Commission shall deny approval of the site plan. Upon granting of the necessary variance(s) by the Board of Appeals, the applicant's site plan may be rescheduled for review by the Planning Commission.

Site plans requiring the Planning Commission approval, when in order, may be scheduled for review by the commission.

The Village Clerk shall notify the applicant of the meeting date that the applicant's site plan is to be reviewed by the Planning Commission and forward one copy of the site plan to each Planning Commission member.

The Planning Commission at the scheduled meeting shall review the site plan and shall take one of the following courses of action:

1. Review with no action.
2. Grand outright approval.
3. Grant conditional approval.
4. Table action.
5. Deny approval.

Action on a site plan shall require uniform vote of at least five (5) members of the Planning Commission. A stamped approved site plan with date of approval, shall be forwarded to the applicant with a letter of transmittal noting the approval.

Conditional site plan approval shall be granted only under; the conditions above set forth.

If a site plan is tabled for further review, the Planning Commission shall so note its reason(s) for such action. Absence of the applicant or any representative in place of the applicant, at the time of review, may be grounds for tabling the site plan. If a site plan is disapproved, the Planning Commission shall note reason(s) for disapproval and shall return the site plans to the Village Clerk's office. A site plan disapproved by the Planning Commission may be:

1. Revised and resubmitted for further review, or;
2. Scheduled for action by the Village Council
3. Scheduled for action by the Zoning Board of Appeals, or;
4. Scheduled for action by Village Council for Final SAY, or;
5. Removed by the applicant from further consideration.

A site plan disapproved by the Planning Commission shall not be rescheduled for review by the Planning Commission until the area(s) of concern noted in its disapproval have been satisfactorily resolved.

Approval of a site plan by the Planning Commission shall be in effect for a period of one (1) year from the date of approval of the site plan. One (1) year site plan approval extensions may be subsequently granted by the Planning Commission upon review of a written request by one applicant documenting the reasons for an extension.

Revisions to an approved site plan, requested by an applicant, shall be processed in the same manner as set forth herein for an initial site plan review.

The following site plan review checklists are provided for use by the applicant in preparing a site plan for submittal and by the designated review agencies in making their review.
