Village of Mayville Weed Ordinance

The Village of Mayville would like to remind residents of Mayville of our weed policies and actions for the Spring and Summer seasons.

Sec. 30-152. Prohibited Conditions. No owner, possessor or occupier of land, and no person in charge of any land in the village shall permit or maintain on any such premises any dead or diseased trees, noxious or poisonous weeds, shrubs or plants, any accumulation of dead weeds, grass or brush, trash, debris, refuse, filth or other noxious materials.

Sec. 30-153. Duty of Owners, occupants, etc. As often as may be necessary to comply with the provisions of this ordinance, every owner, possessor or occupant of land, and every person in charge of any land in the village shall remove, destroy or cut, by lawful means, all dead or diseased trees, any accumulation of dead weeds, grass or brush, noxious or poisonous weeds, shrubs or plants growing thereon in such a manner as will also effectively prevent such weeds, shrubs or plants from blossoming, bearing seed, spreading to adjoining property or becoming a fire hazard. Notwithstanding anything contained in this article to the contrary, every owner, possessor or occupant of land, and every person in charge of any land in the village, such parcel being ten acres or less, shall at all times keep any grass, weeds, rank vegetation, non-woody surface vegetation and other similar plants so that the height of such plants, or any part or portion thereof, from the ground to the part farthest away from the ground shall at all times be less than eight inches.

(Ord. No. 171, 3-18-2014; Motion of 6-17-2014)

Sec. 30-154. Enforcement. This ordinance will be published in the local newspaper, on the village web site, and mailed with the water bills in April of each year.

When a complaint comes to the village of a violation of this ordinance, the enforcement officer will inspect the property. Before commencing prosecution under this article, the enforcement officer shall post a copy of this ordinance violation to the building or structure. The notice shall specify that failure to remedy the violation within 48 hours of posting, shall entitle the village to enforce section 30-156 at the expense of property owner. (Ord. No. 155, § 1, 1-20-2009; Ord. No. 171, 3-18-2014)

Brush and Yard Waste Pick-Up

The Village of Mayville's Department of Public Works (DPW) will be picking up yard waste and brush starting on Monday, April 2nd until Monday, October 29th. If there is an emergency in the water or sewer departments, or if equipment breaks down then we will pick up brush and yard waste as soon as it is possible. All brush and yard waste should be placed by the road no later than 7:30 am on Mondays. Yard waste MUST be in a container or yard waste paper bags to be picked up. Please DO NOT put trash or items other than yard waste into the containers or bags.

A friendly reminder on how to properly prepare your brush for pick-up. The DPW will pick up piles of brush up to four (4) feet wide and four (4) feet high by six (6) feet long. All piles of brush must contain branches less than four (4) inches in diameter. When branches are placed at the curb, place the cut end toward the road edge and stack neatly. This will help speed up the chipping process. The Village WILL NOT pick up whole trees or large amounts of brush. You may want to consider a private contractor to remove trees or larger piles.
