Guests: 3

Next Meetings:

July 16, 2019 7:00 pm Mayville Library - Regular Council Meeting
August 6, 2019 7:00 pm Mayville Fire Hall - Committee of the Whole

*** Official Minutes***

1. The Village of Mayville Council held a Committee Of The Whole Meeting at the Mayville Fire Hall. Meeting started at 7:02pm
2. **Discussion -**
 - a) Ohmer Park - Resident concerns of the standing water in drive and ball field. Most likely will not be able to hold Sunflower Festival Tournament. Frank Franzel and Ron Anderson offered equipment and assistance in helping fix some of the drainage issues near the bump and run track. The Village will purchase the tile needed.
 - b) Resident Sewer backup - The Village along with Spicer Engineering checked Sewer on both sides of resident and was free flowing with no issues. The backup is residents responsibility to fix as its on their property or in their home.
 - c) Resident Water leak - Resident believes it to be Village responsibility to fix, as the leak is destroying their lawn and sidewalk as well as a neighbors lawn. The leak is on residents property and when shut off no longer leaks. That makes for homeowner responsibility.
 - d) November Special Election - Spoke with Jodi Fetting County Clerk - She advised we wait to hold road millage election until March 2020 Presidential Primary, would save approximately \$3,000.00. Also would allow for more informational meetings on this topic and put it on a Presidential Primary 4 yr schedule as opposed to a special election schedule.
 - e) Discussion and opinions of becoming a City. More to come.
 - f) Resident Concerns - Is Fulton St North of 24 going to get paved when township paves Schott Rd? Answer - We can't say until Main St Project is complete.
Is the ground at the Catholic Church going to get fixed where Air Advantage hit water main? Answer - The Catholic Church needs to contact Air Advantage as that is their responsibility to fix.

Is Mayville State Bank going to clean up the corner of 24 and Fulton St? Has gravel, concrete chunks and weeds. Answer - Will look into that further and talk to them.

Committee of the Whole
Closed at 9:00pm
