Lagoon Update - Closing for phase 1 of the project is scheduled.
Important to note: FUNDING had and has been secured for \$7.2 Million for the last 4 years. The project was delayed because of Covid and the cost of everything has significantly increased in the last 2 years. The Bid for the Lagoon came in at \$10.5 million, which required that the Project be broken up into 2 phases. Phase #1 is the Collection System (lift station upgrades, sewer main replacements, etc) and the building of Cell #3. We have been holding calls with EGLE, USDA, Spicer, and other entities regarding funding and plans for phase 2 (approximately \$6 million), which will include rehabbing Cells #1 and #2. This is required by EGLE and the State and our Sewer Operating Permits are dependent on this Project being completed.

As Needed Updates -

Village Office building sign - Steve Charette is going to look into thin metal signs to secure in between the existing sign and frame - the most inexpensive option..
