C. Kapcia discussed the following Trello (RRC) items that need to be completed before certification:

1.3 Capital Improvements Plan: Turning plans into action often requires capital investments. These plans, established under Michigan law, help coordinate these investments, which could include infrastructure, facilities, parks, technology and more.

5.2 Incentives Policies: Having clear economic development incentive policies creates predictability and assists communities in making the most efficient use of limited local resources when supporting proposed development projects.

Planning presented recommendations for the Village trash can ordinance and revision for our Zoning Permit packet.
